We have two banks with proposed with service areas that could cover this area, both are along the Mojave River.

One is in the draft instrument phase (Mojave Mitigation Bank).

The other bank was just proposed and is in the draft prospectus phase.

This is the area for Caltrans' first Regional Advance Mitigation Needs Assessment. The only Bank/ILF identified in RIBITS for this area is Peterson Ranch Mitigation Bank. Are you aware of any other banks or ILFs under development in this area?
